INTRODUCTION

The primary purpose of this guide is to provide an overview of the development review process of the Village of Huntley. This guide is intended to help individuals gain a better understanding of the process and to help reduce any confusion individuals may have when filing a development application with the Village. A clear understanding of this process will help with the timely processing of development applications by the Village.

This packet is intended to provide prospective developers with a general summary of the development review procedures for the Village of Huntley. It does not supersede, or in any way modify, the Huntley Subdivision or Zoning Ordinances or any other Local, County, State, or Federal agency requirements. Copies of the Zoning Ordinance and Subdivision Ordinance may be purchased at Village Hall or viewed on the Village's website at www.huntley.il.us.

WHAT TYPES OF DEVELOPMENT PROPOSALS REQUIRE VILLAGE REVIEW?

Development proposals are reviewed by the Village to ensure compliance with adopted codes and ordinances, which are in place to protect the public health, safety and welfare. The degree of review by the Village will vary depending on how the proposal meets requirements of Huntley's codes and ordinances.

Since there can be a wide range of development proposals that require varying degrees of review by the Village, it is extremely important to contact the Development Services Department before starting any development activity in the Village. A short discussion with a representative of the Development Services Department can help to determine what actions and reviews are necessary. This may assist in the prevention of unnecessary delays and expense.

HOW LONG DOES IT TAKE FOR VILLAGE REVIEW OF A DEVELOPMENT PROPOSAL?

All petitioners should expect the process to take **AT LEAST** two (2) months prior to an appearance before the Plan Commission and/or Zoning Board of Appeals from the time a development application is submitted to Development Services Department Staff. Applications are taken on a first come first serve basis. **AT LEAST** three months may pass before any action is taken by the Village Board of Trustees.

GENERAL REVIEW OF THE DEVELOPMENT REVIEW AND APPROVAL PROCESS

The following procedures shall be followed before any application is reviewed. Failure to comply with any of the following procedures may cause delays in appearing before the Plan Commission, Zoning Board of Appeals, and the Village Board of Trustees. A general overview of the Development Review Process is shown in Figure 1 (page 5).

Pre-Application Conference with the Development Services Department

The first step in the development review and approval process is to schedule the Pre-Application Conference with the Development Services Department. The purpose of the Pre-Application Conference is to help the applicant understand Village requirements that apply to the development proposal, learn what administrative actions, if any, are necessary for approval, and outline the procedures and documentation required for filing an application with the Village. This conference also allows the Department Staff an opportunity to gain a better understanding of the proposal and make a determination about the likelihood of approval of the development proposal.

Initial Submittal

Petitioners are expected to plan ahead and provide Village Staff with adequate time to review applications. All petitioners should expect the process to take ***AT LEAST*** two (2) months prior to an appearance before the Plan Commission and/or Zoning Board of Appeals from the time a development application is submitted to Development Services Department Staff. Applications are taken on a first come first serve basis. ***AT LEAST*** three months may pass before any action is taken by the Village Board of Trustees.

- Petitioners are expected to complete and submit a development application (*attached*) as part of the initial submittal with six (6) copies of any site plans, plats, landscape plans, etc. that are required for the requested development action. All plans submitted that cannot fit on an 8 ½” x 11” paper shall be folded. Full size plans should be no larger than 24 inches by 36 inches. Plans submitted that are larger than 24” x 36” and/or not folded, will not be accepted. ***The petitioner is responsible for folding all plans.*** All applicable application fees must also be submitted with the application and plans.
- Review of plans by Village Staff will not commence until a completed development application, all required plans, and application fees have been submitted and accepted by Development Services Department Staff.

Plans Reviewed by Development Review Team

The Development Review Team consists of representatives of all Village Departments. The Team approves all projects to be placed on meeting agendas.

- Once the initial submittal has been received by Development Services Department Staff, the application will be distributed to the various Village departments for review at the next available Development Review Team meeting.
- When the application has been reviewed by Village Staff, the petitioner will receive correspondence in the form of a letter itemizing any issues that were found as part of the review process. Once the petitioner receives this correspondence, they will be expected to make any necessary revisions to the plans and resubmit nine (9) copies of the revised plans.
- Substantial compliance with all Village Staff recommendations, Subdivision and/or Zoning Ordinance requirements, and all Village policies and procedures shall occur before a petitioner is scheduled to appear before the Plan Commission and/or Zoning Board of Appeals.

Plan Commission and Zoning Board of Appeals

The Plan Commission and Zoning Board of Appeals are advisory bodies that make recommendations to the Village Board of Trustees.

- Once it is determined by the Development Review Team that an application is ready to proceed, the application will be placed on a Plan Commission and/or Zoning Board of Appeals meeting schedule. Each meeting agenda is limited to four (4) applications. Once four (4) petitions have been scheduled, the next meeting agenda will then be scheduled.
- All plans, plats, etc. required for the Plan Commission and/or Zoning Board of Appeals shall be submitted to Village Staff no later than 5:00 p.m. on the Monday one week prior to appearances before the Plan Commission and/or Zoning Board of Appeals.
- All petitioners are required to submit twenty-five (25) sets of any required site plans, landscape plans, plats, etc. as part of their Plan Commission and/or Zoning Board of Appeals submittal.

- All plans submitted that cannot fit on an 8 ½” x 11” paper must be folded. Full size plans shall be no larger than 24 inches by 36 inches. ***The petitioner is responsible for folding all plans.***
- The petitioner shall have all appropriate Local, County, State, and Federal approvals and permits prior to final submittal. The petitioner is responsible for submitting proof of approvals and permits to Development Services Department Staff. Applications submitted without proof of appropriate approvals and permits will not be placed on a meeting agenda until proof is submitted to Development Services Department Staff.
- Plan Commission meetings take place on the second and fourth Mondays of every month at 6:30 p.m. at the Huntley Municipal Complex Board Room, 10987 Main Street, Huntley, Illinois. Most Development Services Department applications require an appearance before the Plan Commission.
- Zoning Board of Appeals meetings take place as needed on Wednesday, following the second and fourth Monday of the month, at 6:30 p.m. at the Huntley Municipal Complex Board Room, 10987 Main Street, Huntley, Illinois. This is a public hearing and public notice must be given as detailed below. All petitioners requesting a variation from the Zoning Ordinance must appear before the Zoning Board of Appeals. Development Services Department Staff will inform each petitioner with regard to meeting attendance and scheduling.

Legal Notice for Public Hearing

In order to inform adjacent property owners and the general public of development proposals in the Village, certain notification requirements are mandated by State Statute and Village Ordinance. Notification is required by three (3) separate means: publication in a newspaper, written notice to all property owners within 250 feet of the proposed development, and the posting of a sign.

1. **Publication in a Newspaper** is required not less than fifteen (15) days and not more than thirty (30) days before the public hearing date. Public Notices are published in the *Northwest Herald*. Publication in the newspaper is handled by the Development Services Department; however, the petitioner is required to submit a draft public notice to Development Services Department Staff for review purposes prior to the *Northwest Herald's* publication deadline. Please contact Village Staff for publication deadlines. If a petitioner fails to provide a draft legal notice prior to the publication deadline, the application will not be scheduled until proper public notice is given.
2. **Serve Written Notice**, by Registered or Certified Mail, Return Receipt Requested, to the owners as they appear on the last available tax records of the County of McHenry/Kane of all property within 250 feet of the parcel in question. It is the responsibility of the petitioner to complete the requirements for written notice. This notice shall be mailed to the property owners not less than fifteen (15) days and not more than thirty (30) days before the public hearing date. A draft notice must be provided to Village Staff for review prior to it being sent to surrounding property owners.

The petitioner shall submit, to Development Services Staff, the return receipts from the post office with a list of the property owners within 250 feet. These items must be submitted prior to the Zoning Board of Appeals meeting.

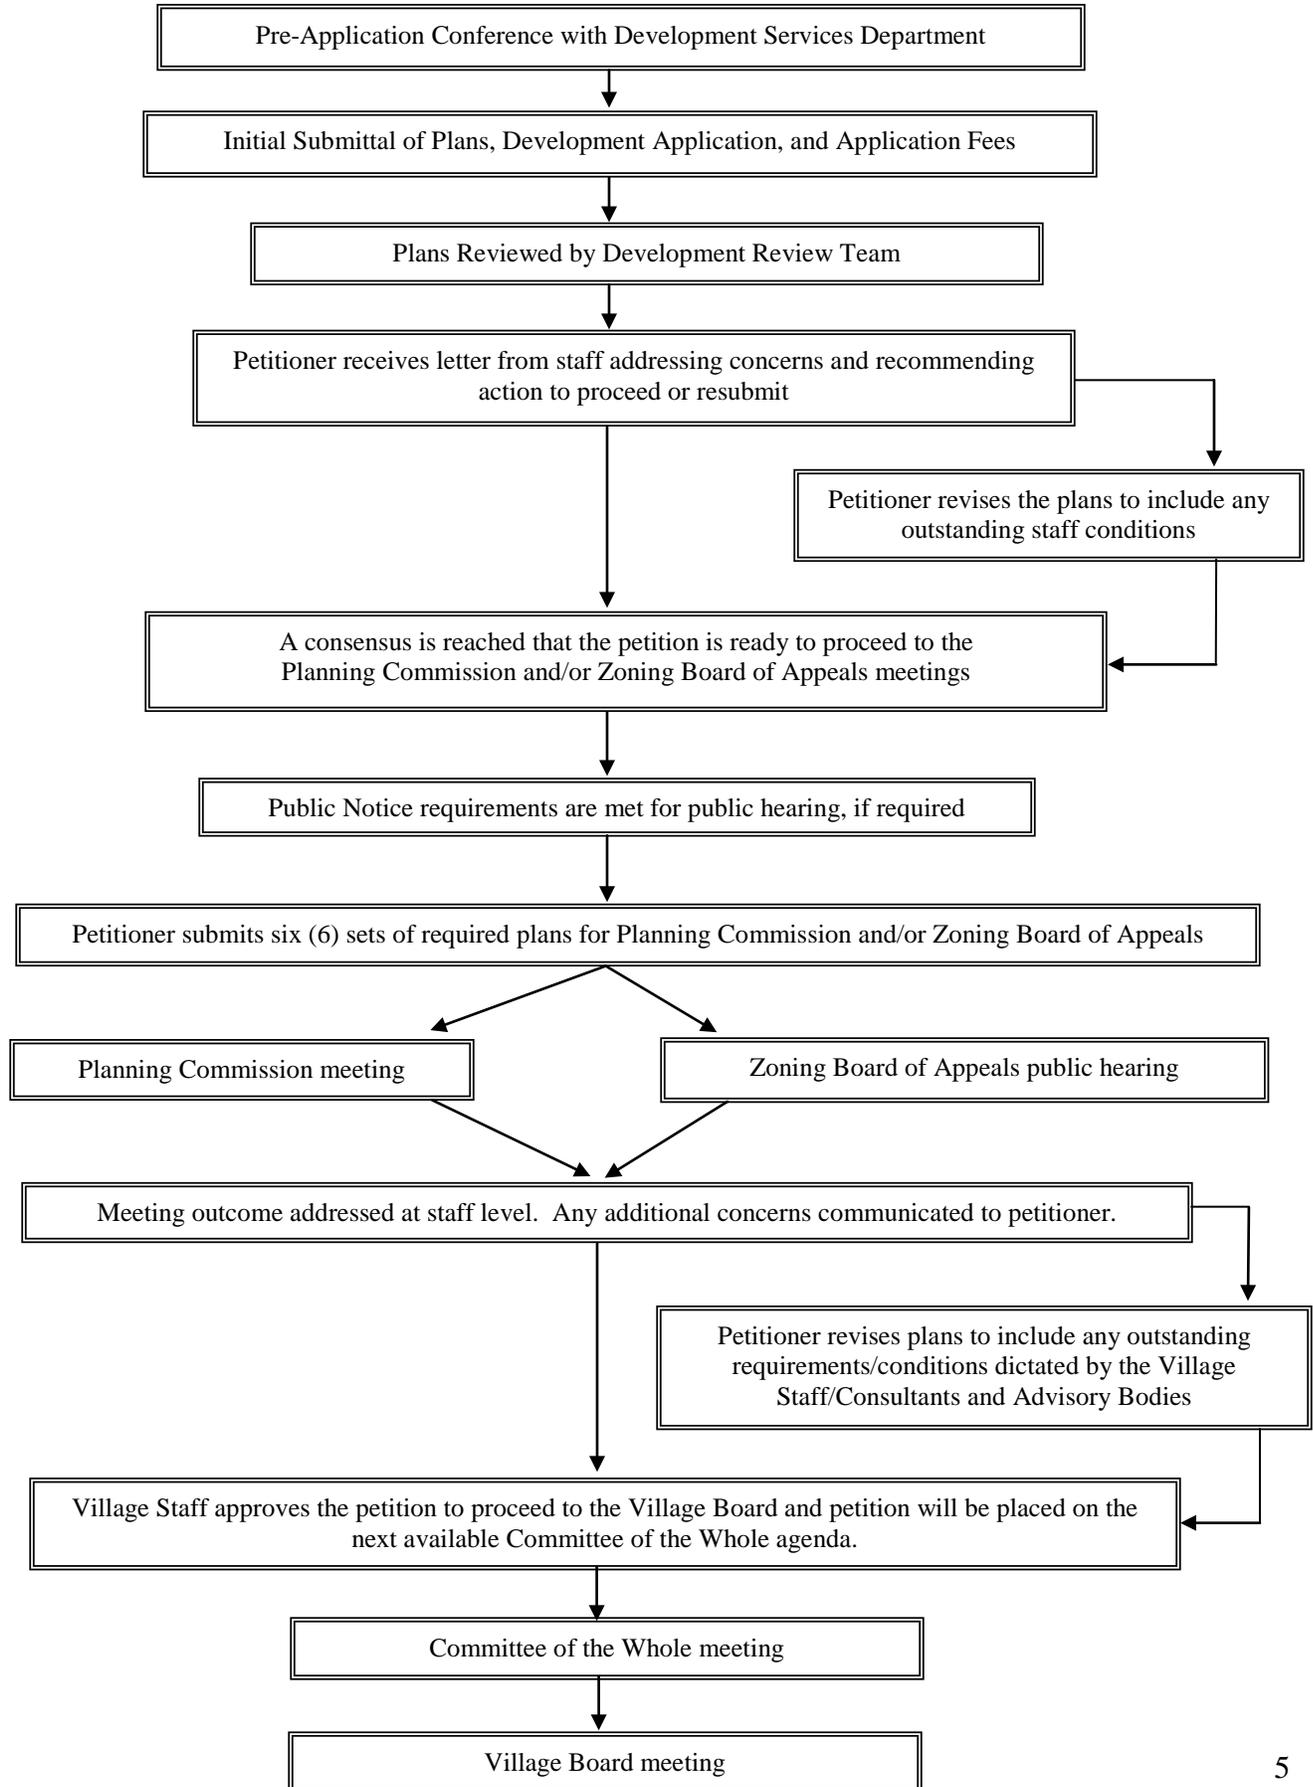

3. **Post a Sign on the Parcel**, not less than fifteen (15) days and not more than thirty (30) days before the public hearing date, indicating that the parcel is subject to a public hearing. Such sign shall remain posted on the parcel until the public hearing, and any continuances thereof, is concluded. The sign will be installed by Development Services Department Staff.

Committee of the Whole / Village Board of Trustees

After appearing before the Plan Commission and/or the Zoning Board of Appeals and when all outstanding issues have been addressed, and revised plans have been submitted by the petitioner, Village Staff will place the application on the next available Committee of the Whole agenda. Committee of the Whole meetings are held on the first and third Thursdays of each month. Following review at the Committee of the Whole, the petition will be scheduled on a subsequent Village Board meeting agenda for final action. Village Board meetings are held on the second and fourth Thursdays of each month. Committee of the Whole and Village Board meetings begin at 7:00 p.m. and are held at the Huntley Municipal Complex Board Room, 10987 Main Street, Huntley, Illinois. Development Services Department Staff will inform each petitioner with regards to meeting attendance and scheduling.

- All plans, plats, etc. required for the Committee of the Whole submittal shall be submitted to Development Services Department Staff no later than 5:00 p.m. on the Monday one week prior to appearances before the Village Board of Trustees. These plans shall include any conditions of approval from the staff report, and any additional conditions required by the Plan Commission and/or Zoning Board of Appeals.
- All plans must be prepared to fit into an 8 ½” x 11” 3-ring notebook. No plans shall be larger than 11” x 17” (z-folded). All plans shall be 3-hole punched on the left side. ***The petitioner is responsible for folding and hole-punching all plans.***
- Final action (approval, denial, etc.) takes place at the Village Board meeting. Contact Planning and Zoning Division Staff for your specific agenda schedule.
- All petitioners should be aware that scheduled appearances before the Plan Commission, Zoning Board of Appeals, Committee of the Whole and Village Board of Trustees meetings are considered tentative unless otherwise directed by Development Services Department Staff. The Village of Huntley retains sole discretion in setting meeting agendas.

APPENDIX

SUBMITTAL REQUIREMENTS

The following information is intended to provide a general summary of the development review submittal requirements of the Village of Huntley. This information does not supersede, or in any way modify, the Huntley Subdivision or Zoning Ordinances or any other Local, County, State, or Federal agency requirements.

PRELIMINARY PLAT OF SUBDIVISION (Section 155.220, Village of Huntley Subdivision Regulations), at a minimum, shall include the following information:

- A. Completed Development Application and required fees.
- B. Preliminary Plat of Subdivision, including:
 - 1. Proposed name of the subdivision.
 - 2. Location by township, section, town and range, or by other legal description.
 - 3. A location map showing subdivision, impacted schools, existing or adjacent park areas.
 - 4. Names and addresses of developer and surveyor and design professional that created the plat.
 - 5. Scale of plat, 1 inch to 100 feet or larger. Tracts of 200 acres or more may be drawn at a scale of 1 inch to 200 feet.
 - 6. Date.
 - 7. North point.
 - 8. Elevations. USGS datum shall be used.
 - 9. Floodplain designation.
 - 10. Boundary line by bearing and length of proposed subdivision shall be clearly indicated and the total approximate acreage encompassed thereby.
 - 11. Location, widths, and names of all existing or prior platted streets or other public ways, railroad and utility rights-of-way, parks and other public open spaces, permanent buildings and structures, houses or permanent easements, and section and corporation lines, within or adjacent to the tract.
 - 12. Existing and proposed off-site improvements appurtenant to the developer including but not limited to sewers, water mains, culverts or other underground facilities within the tract indicating pipe sizes, manholes and location.
 - 13. Boundary lines of adjacent tracts of unsubdivided and subdivided lands.
 - 14. Existing zoning of proposed subdivision and adjacent tracts in zoned areas.
 - 15. Contours at two-foot intervals except where the average slope is less than 5%, one foot contour intervals.
 - 16. Layout of streets, widths of right-of-way and pavement, and also the widths of crosswalk-ways and easements.
 - 17. Layout, numbers, areas and dimensions of lots.
 - 18. Parcels of land intended to be dedicated or temporarily reserved for public use or set aside for use of property owners in the subdivision.
 - 19. Building setback lines, showing dimensions.
 - 20. Easements shall be provided for any and all public utilities where alleys are not provided. Proper continuity for the utilities from block to block shall be maintained. Drainage easements shall be indicated and declared on the preliminary plat.
- C. A preliminary storm water management plan should be presented indicating an emergency overflow routing, detention areas showing preliminary size and depth and ownership and maintenance responsibilities for the detention areas. Soil borings may be required when it is determined by the Village Engineer that questionable soils or groundwater levels exist. Designation of any wetland as defined by the U.S. Army Corps of Engineers shall also be verified and addressed.
- D. The assessed value of the property.

- E. A list of all endangered flora and fauna found on. The proposed site as identified by the Illinois Department of Conservation pursuant to the "Endangered Species Protection Act."
- F. A natural resource inventory.

FINAL PLAT OF SUBDIVISION (Section 155.221, Village of Huntley Subdivision Regulations), at a minimum, shall include the following information:

- A. Completed Development Application and required fees.
- B. Final Plat of Subdivision, including:
 - 1. Name of subdivision.
 - 2. Location by township, section, town and range, or by other legal description.
 - 3. *Names of owners.* If an owner of all or any portion of the land is a corporation the developer shall provide the names of all corporate officers. If the owner of all or any portion of the land is a trust the names of all beneficiaries must be provided and certification by a licensed surveyor.
 - 4. Scale: 1 inch to 100 feet unless a smaller scale is approved by the Village Engineer.
 - 5. Date.
 - 6. North point.
 - 7. Boundary of plat, based on an accurate traverse, with angular and lineal dimensions.
 - 8. Exact location, width and name of all streets within and adjoining the plat, notation as to whether streets were previously dedicated, or dedicated in this plat, or private, and the exact location and widths of all crosswalk-ways. Proposed street names shall be checked with proper village officials. Where street direction changes of more than 90 degrees are provided, names of such streets shall change.
 - 9. True angles and distances to the nearest established street lines or official monuments (not less than two) which shall be accurately described in the plat.
 - 10. Municipal, township, county and section lines accurately tied to the lines of the subdivision by distances and angles.
 - 11. Radii, internal angles, points and curvatures, tangent bearings of lengths of all arcs.
 - 12. All easements for rights-of-way provided for public services and utilities, and a statement of purpose for each indicated thereon.
 - 13. All lot numbers (numbered consecutively) and lines, with accurate dimensions in feet and hundredths, and area of each lot, if the area of each lot is substantially different than that indicated on the preliminary plat.
 - 14. Accurate location of at least two monuments, which shall be concrete 6 inches by 6 inches by 30 inches with metal pipe or rod case in center. Permanent stone or concrete monuments shall be set at two corners or angles on the outside boundary. All U.S., state, county, or other official benchmarks, monuments or triangulation stations in or adjacent to the property shall be preserved in precise position.
 - 15. Accurate outlines and legal descriptions of any areas to be dedicated or reserved for public use, with the purpose indicated thereon, and of any area to be reserved by deed covenant for common use of all property owners.
 - 16. Building setback lines accurately shown by dimensions.
- C. Protective covenants, which meet with the approval of the Plan Commission, shall be made a part of the final plat and filed on record with the County Recorder. Existence of other covenants or declarations pertaining to common responsibilities of individual owners shall be cited by reference on the plat.
- D. An opinion of probable cost of all public improvements prepared by professional engineers licensed in the State of Illinois.
- E. Certification by a registered surveyor stating the plat represents a survey made by him and that monuments and markers shown thereon exist as located and that all dimensional and geodetic details are correct.

- F. Notarized certification, by owner or owners, beneficial interest or by any mortgage holder of record, of the adoption of the plat and the dedication of streets and other public areas.
- G. All required plat certificates, including certification showing that all taxes and special assessments due on the property to be subdivided have been paid in full.
- H. Proper form for the approval of the Village Board with space for signature.
- I. Approval by signature of village, county, and state officials concerned with the specification of utility installation and road access pursuant to the State Plat Act.
- J. Approval by signature of the Plan Commission.

PRELIMINARY PLANNED UNIT DEVELOPMENT (Section 156.070(E)(2)(d) of the Zoning Ordinance), at a minimum, shall include the following documents:

- A. Completed Planned Unit Development Application and required fees.
- B. Site plan indicating:
 - 1. Project title.
 - 2. Notation the plan is a "Preliminary Planned Unit Development Site Plan".
 - 3. Name and address of developer and preparer of plans.
 - 4. Date.
 - 5. Scale (1 inch = 100 feet or larger).
 - 6. North point.
 - 7. Legal description and proposed zoning for each segment of the parcel.
 - 8. Area of entire parcel and approximate areas of the different land use parcels.
 - 9. Proposed number of units and density of the various residential land use parcels (based on area net of public right-of-ways).
 - 10. Floor area of non-residential structures in each separate section.
 - 11. Approximate location of buildings proposed.
 - 12. Zoning of all adjacent parcels.
 - 13. Character of immediately contiguous property within 100 feet showing location of streets, easements, utilities, property lines and principal structures.
 - 14. Location of proposed streets showing dimensions of rights-of-way and pavement.
 - 15. Location and approximate areas of parcels to be dedicated to public bodies and/or reserved for property owner associations.
 - 16. Flood plain limits as delineated on HUD Flood Hazard Maps (if available) or USGS Flood Quadrangle Maps.
- C. Landscape Plan showing schematic representation of existing and proposed landscaping.
- D. Topographic map showing one foot contour intervals.
- E. Correspondence from the park district and school districts indicating they have received the plans and are reviewing them at board level. A formal position statement from the respective boards regarding the proposal must be received by the Village before the Village Board will approve a preliminary planned unit development.
- F. Details of all variations requested in the PUD. If no variations are requested, so state none are being requested.
- G. Traffic analysis (may be waived by the Village Manager if the project size is not expected to have substantial impact upon the existing road system) indicating:
 - 1. Traffic generation of proposal.

2. Impact on existing traffic.
 3. Improvements needed to minimize negative impact of site generated traffic on street network.
- H. Proof of ownership. If ownership is in a land trust, beneficial holders of trust shall be disclosed.
- I. Preliminary engineering plans.
- J. Plat of survey of parcel.
- K. One copy of a Natural Resources Inventory from the U.S. Soil Conservation Service.

FINAL PLANNED UNIT DEVELOPMENT (Section 156.070(E)(3)(d) of the Zoning Ordinance), at a minimum, shall include the following documents:

- A. Completed Development Application and required fees.
- B. Site plan indicating:
1. Project title.
 2. Notation the plan is a Final Planned Unit Development Site Plan.
 3. Name and address of developer and preparer of plans.
 4. Date.
 5. Scale (1 inches = 100' or larger).
 6. North point.
 7. Zoning of all adjacent parcels.
 8. Character of immediately contiguous property within 100 feet showing location of streets, easements, utilities, property lines and principal structures.
 9. Location of proposed streets showing proposed dimensions of rights-of-way and pavement and whether intended to be private or public.
 10. Location and areas of parcels to be dedicated to public bodies and/or reserved for property owners associations.
 11. Floor plan limits as delineated on HUD Flood Hazard Maps (if available) or USGS Flood Quadrangle Maps.
 12. Sidewalks.
 13. Specific details by parcel for separate zoning districts or areas of differing use intensity to include:
 - a. Gross area.
 - b. Net area (gross area less public right-of-way area).
 - c. Building coverage, floor area, and height.
 - d. F.A.R.
 - e. Parking spaces.
 - f. Number of housing units by bedroom mix and net density.
 - g. Hard surface coverage (including buildings, excluding sidewalks and recreation facilities).
 14. Building locations.
 15. Floor plans (if not available, parking requirements will be based on the gross square footage).
- C. Landscape plan detailing:
1. Proposed types (common names) of landscape material, including sizes, quantities and whether sodded or seeded.
 2. Existing trees with trunk diameters six (6") inches or greater and whether or not to be saved.
 3. Berming and/or fencing where proposed.
 4. Notes on Plan indicating irrigation plans for plant material, maintenance of all plant material for a minimum of three (3) years and maintenance plan for all native plantings in detention areas for a minimum of five (5) years.
- D. Exterior Lighting Plan including:
1. Fixture Specifications (cut-sheet).

- 2. Photometric Plan (photometric plan must show light levels at all lot lines).
- E. Building elevations, indicating proposed materials and color (all sides).
- F. Signage, including elevations of wall and ground signs.
- G. Plans showing trash receptacle accommodation and screening material.
- H. Development schedule by phase, including projected start and completion dates, and proposed date of dedication of public areas.
- I. Covenants and restrictions for ownership, use and maintenance of common areas.
- J. Final engineering plans.
- K. Proof of ownership. If ownership is in a land trust, beneficial holders of trust shall be disclosed.
- L. Plat of survey.

SPECIAL USE PERMIT (Section 156.204(E) of the Zoning Ordinance), at a minimum, shall include the following documents:

- A. Completed Development Application and required fees.
- B. A survey of the property.
- C. A site plan, drawn to scale, showing the location of all proposed structures driveways, parking areas, and other development features of the proposed use.
- D. Additional information as required by Section 156.068.
- E. Additional information indicating compliance with Zoning Ordinance regulations and all other applicable Village ordinances. (Ord., passed 7-17-89)

MAP AND TEXT AMENDMENTS (Section 156.204(E)(6) and (7) of the Zoning Ordinance), at a minimum, shall include the following documents:

- A. Completed Development Application and required fees.
- B. An accurate description of the property.
- C. A statement of any proposed rezoning.
- D. A statement of any proposed amendment to the text, and the reasons for requesting such an amendment.

SITE PLAN REVIEW (Section 156.072 of the Zoning Ordinance), at a minimum, shall include the following documents:

- A. Completed Development Application and required fees.
- B. Site plan indicating:
 - 1. Project title.
 - 2. Notation the plan is a Final Planned Unit Development Site Plan.
 - 3. Name and address of developer and preparer of plans.
 - 4. Date.
 - 5. Scale (1 inches = 100' or larger).
 - 6. North point.
 - 7. Zoning of all adjacent parcels.

8. Character of immediately contiguous property within 100 feet showing location of streets, easements, utilities, property lines and principal structures.
 9. Location of proposed streets showing proposed dimensions of right-of-ways and pavement and whether intended to be private or public.
 10. Location and areas of parcels to be dedicated to public bodies and/or reserved for property owners associations.
 11. Floor plan limits as delineated on HUD Flood Hazard Maps (if available) or USGS Flood Quadrangle Maps.
 12. Sidewalks.
 13. Specific details by parcel for separate zoning districts or areas of differing use intensity to include:
 - a. Gross area.
 - b. Net area (gross area less public right-of-way area).
 - c. Building coverage, floor area, and height.
 - d. F.A.R.
 - e. Parking spaces.
 - f. Number of housing units by bedroom mix and net density.
 - g. Hard surface coverage (including buildings, excluding sidewalks and recreation facilities).
 14. Building locations.
 15. Floor plans (if not available, parking requirements will be based on the total square footage of the building(s)).
- C. Landscaping plan detailing:
1. Proposed types (common names) of landscape material, including sizes, quantities and whether sodded or seeded.
 2. Existing trees with trunk diameters six (6") inches or greater and whether or not to be saved.
 3. Berming and/or fencing where proposed.
 4. Notes on Plan indicating irrigation plans for plant material, maintenance of all plant material for a minimum of three (3) years and maintenance plan for all native plantings in detention areas for a minimum of five (5) years.
- D. Exterior Lighting Plan including:
1. Fixture Specifications (cut-sheet).
 2. Photometric Plan (photometric plan must show light levels at all lot lines).
- E. Building elevations, indicating proposed materials and color (all sides).
- F. Signage, including elevations of wall and ground signs.
- G. Plans showing trash receptacle accommodation and screening material.
- H. Final engineering plans.
- I. Plat of survey.

Approved on May 4, 2000 by the Village Board of Trustees Ordinance: #00-05-04-03

Notes:

1. Please contact Development Services Department Staff to determine the specific application fee.
2. The escrow fee is kept by the Village for the purposes of retaining professional services from Village consultants such as the Village Engineer, Village Attorney, etc. Invoices received from consultants will be automatically withdrawn from the petitioner’s account. The Village requires that petitioners keep on deposit a minimum of 50 percent of the required escrow fee at all times. All unused escrow fees will be returned to the petitioner at the discretion of the Village.
3. The application fees are non-refundable. Payment of application fees does not guarantee Village Board action.
4. All fees shall be made payable to the Village of Huntley at the time the development application is submitted.
5. The Annexation fee includes all actions required as part of an Annexation.
6. ***Projects located in Kane County may also be subject to the Kane County Road Improvement Impact Fee. For any questions regarding the Impact Fee Program please contact Jerry Dickson, Kane County Road Impact Fee Program Coordinator, at (630) 584-1170.***
